Founder's Story

Dwight & Angelia Bell

In 2010, Dwight Bell answered God's call to help guide the next generation. That calling became Wings of Grace Ministries, beginning as a teen program rooted in biblical and aviation principles that help young people make good decisions.

As God expanded the vision, the ministry grew to care for vulnerable people through housing, which led to Capernaum Place—providing a stable community for transitioning youth.

What began with nineteen teenagers, three houses and one plane, has become a multi-state and international ministry of hope, confidence, & purpose —a lasting legacy.
